MALICIOUS PERSONS TAMPER WITH AUTOS

Reward offered and Police On Trail of Guilty Parties

Owners of automobiles are up in arms against malicious tampering with their machines while attending the theatre and other public performances. Three machines were almost out of commission last night by boys who had been left in charge of them, and the police are today searching for the guilty parties. In one case \$50 reward has been offered for the arrest of the culprit.

It has been the custom for some time, where an owner drives his own machine to designate some boy to watch the auto during the performance. Whether inspired by the curiosity on the part of some evil minded person, or whether from criminal instinct, three owners returned after the show to find their tires punctured, engine tampered with, and the machine generally put in bad shape. Detectives have been put on the trail of the guilty parties, and arrests are expected before night.

In the future a strict police guard will be maintained, and any one caught tampering with the mechanism of any automobile will be promptly arrested and punished according to law. A year in jail will soon put a stop to such work, which means in every case an expense ranging from \$5 to \$100 to each owner of a machine damaged.

LEWIS CASE CONTINUED.

The attorneys for E. H. Lewis, the automobile man, charged with having failed to comply with the regulation for the proper numbering of his machines, secured a postponement in the case at Police Court this morning. The case has been continued until October 18.

A meeting of the Abahui Iolani o na Wahine Hawaii will be held this afternoon at half-past three in the parish house of St. Andrew's Cathedral for the dispatch of important business. A full attendance of the members and their friends are cordially invited to be present.

MUSICIANS AND MUNITIONS

Transport Thomas Steams Leisurely and Smashes no Records—Vessel Carries no Regular Organization—Filipino Band Aboard.

Musicians and munitions of war are being carried to the Philippine Islands by the United States Army Transport Thomas. The army boat is steaming in a leisurely manner across the Pacific. He was a little over seven days in coming down from San Francisco.

The Thomas pulled up at the old naval slip shortly after 7 o'clock this morning and the arrival was witnessed by a number of interested friends.

The Thomas has a large general cargo of supplies for the army and quartermaster department in the Philippines.

Melody and ammunition share the capacity of the transport. The former is plentifully supplied through the able mediumship of the Philippine Constabulary Band, which is returning to the "Pearl of the Orient" after six months' tour of the mainland. The organization includes some eighty musicians. They are under the efficient leadership of Captain Walter Loving, who as a band conductor has no peer in the Far East. The band boys are feeling fine after their trip, but they are counting the days which will bring them closer to Manila and their Amigos.

The Constabulary band left the Philippines in time to attend the inauguration of President William H. Taft, their patron saint. It was at his express wish of Taft, that the Philippine musicians were sent to the United States.

Under the management of a Manila promoter the band was then toured through the eastern states. They have met with fair success, though the first portion of the season was somewhat disastrous to the Manila business man who financed the deal. It is believed that the six months' tour will not result in a great loss to the promoters.

The band boys have the best of the deal in every way. They will receive new uniforms and new band instruments upon their return to Manila. This stipulation was insisted upon by former Governor General James F. Smith, who also took occasion to prevent any possibility of the Filipino musicians from becoming stranded in the United States should the tour prove a financially disastrous one.

Brigadier General John J. Pershing is the ranking officer on board the Thomas. He is returning to the Philippines after several years' absence on the mainland. General Pershing is one of the heroes of Moroland. He has been on the trail of the Moro bandits and refractory chiefs during several hot and spirited campaigns. He was much gratified to learn some months ago that the famous Jikiri, the terror of the Sulu seas, was annihilated.

The pacification of this piratical infested area near Borneo waters has caused much relief in army circles.

The Thomas brings casual to the Philippines. For Honolulu the ves-

sel brought 47 passengers, 14 being in the first cabin and 31 in the steerage.

Through passengers include 289, of which 117 are in the cabin, 40 second cabin and 132 in the steerage.

The navigation officers report a first-class trip. The Thomas consumed a little over seven days on her voyage. The vessel was in wireless communication for the last five days.

No attempts were made to smash any records along these lines, however. The Thomas wirelessly the Matsen steamers on several occasions and secured the positions of the Frisco bound steamers. The Thomas wireless also caught a message from the Alameda last night.

The vessel commenced taking on the required five hundred tons of coal almost immediately upon arrival. Supplies of various kinds will also be taken aboard.

It is the intention of the transport to remain at Honolulu for about thirty-six hours. This will give ample opportunity for hearing the Constabulary band.

KOHALA WAS GOOD TO OUR BAND BOYS

Editor Evening Bulletin:—Please mention this item for the members of the Royal Hawaiian Band at Kohala:

While spending a part of our one month's vacation on the big island of Kohala, we wish to extend our congratulations to Mr. and Mrs. McDougal for the warm and hearty reception they have given us. We appreciate the treat as one that we may remember as long as we live. We also thank the people in Kohala for giving us full houses in the two concerts given at Kohala Social Hall, Kohala, Oct. 11, 1909.

The gambling fraternity rounded up by the police for the month numbered 134. Then followed the arrest of 64 unfortunate who imbibed fermented spirits. Assault and battery cases numbered 25. Violation of liquor ordinances 15 and adultery 4. Burglary 2, keeping disorderly houses 2, selling opium 4 and vagrancy 13 cases. During the month the county and city police made 263 arrests with 294 convictions.

CITY AND COUNTY FINANCES.

The amount of cash on hand with the City and County Treasurer at the close of business on September 30th amounted to \$130,273.93, according to a report submitted to the Supervisors held last night. The report was placed on file.

The Supervisors will meet on Saturday at noon for the passage of the warrants for salaries.

Among the passengers who left the United States army transport Thomas at this port were Captain W. H. H. Chapman and mother. Captain Chapman is an officer in the Twentieth Infantry.

Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Red Banks, Miss.—"Words are inadequate to express what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from a female disease and weakness which the doctors said was caused by a fibroid tumor, and I commenced to think there was no help for me. Lydia E. Pinkham's Vegetable Compound made me a well woman after all other means had failed. My friends are all asking what has helped me so much, and I gladly recommend Lydia E. Pinkham's Vegetable Compound."—Mrs. Willie Edwards.

Hampstead, Maryland.—"Before taking Lydia E. Pinkham's Vegetable Compound I was weak and nervous, and could not be on my feet half a day without suffering. The doctors told me I never would be well without an operation, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors, and I hope this valuable medicine may come into the hands of many more suffering women."—Mrs. Joseph H. Dandy.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Invest in Honolulu Property

HONOLULU is the Commander-in-Chief of the Flagship, Oahu, of "the loveliest fleet of islands that lie anchored in any ocean." With her healthful and delightful climate, her millions in agricultural products, her millions in exports, and her millions in wealth, compared with her limited area and small population, Honolulu stands alone among all other cities of the world.

As a real estate investment, she has no parallel in history. Portland, Seattle, Spokane, San Jose and other western cities, where millions have been made in residential property within the past few years, never had the favorable conditions and assured future as exists in Honolulu today. She is the recognized beneficiary of the Panama Canal. She is destined to become the largest military post the world has ever known. She has the resources of the entire Hawaiian Islands, a territory of sixty-four hundred and forty-nine square miles, tributary to her port. She has custom receipts ranking twelfth among all American cities, exceeding by several hundred thousand dollars the receipts of Cincinnati, Cleveland, Buffalo and Pittsburgh, each city with a population considerably more than double that of the entire Hawaiian Islands.

An investment in HONOLULU REAL ESTATE is as safe as Government bonds, and within a few years will result far more profitably than the best sugar stocks. This Company offers for the present **three hundred lots in the healthful, cool ocean view KAIMUKI DISTRICT** at attractive prices and liberal terms. An opportunity for young men, young ladies, newly married couples and families to make a splendid investment that will grow with the city. Call or write us for prices and further particulars.
